

Air Supply, When I Say

I just saw a picture, from the lost and found
It was taken the day that we met
With so many people around

All my false bravado seemed to disappear
So I just had to follow my heart
I knew it would take me somewhere

And I still feel the same
But it's heart to explain
All my emotions are tossed in the wind
Lost 'til the moment, I hold you again

When I say I love you
When I say I need you
When you say come closer
I know I'll never leave you

You can stare into heaven

When your heart is free
I suppose that we just couldn't wait
For heaven is where we must be

And we still feel the same
No need to explain
I don't see the shadows
I don't feel the rain
I'm walking in sunlight
I'll tell you again

When I say I want you
When I say I need you
When you say come closer
I know I'll never leave you
When I say I love you
When you come closer
I know I'll never leave you
