

Air Traffic, Just Abuse Me

I never knew you
But now I'm haunted by your past,
How long will this last?

I thought you loved me,
You say you love me,
Life's just a shadow that you cast.

And all my dreams come round in threes always
Im independent but I'm tied to you
You lied to me, I'd die for you
But I can't read your mind.

I'm lost without you
An empty feeling deep inside
I want to run and hide

I'll let you use me
And just abuse me
But girl I want you to be mine

And all my dreams come round in threes always
Im independent but I'm tied to you
You lied to me, I'd die for you
But I can't read your mind.

And all my dreams come round in threes always
Im independent but I'm tied to you
You lied to me, I'd die for you
But I can't read your mind
