

Ait!, Io Ballo Da Solo

in my empty room
melancholy is glittering
what can you do about it
i don't enjoy company
and the record spins and spins, and again it will spin, but it's already over since an hour
ha, i dance, and will dance, i dance, and will dance again
i dance, and will alone
just alone me and myself, no i didn't say you, i didn't say you!
i'm in the best company myself
in my room, another dance, again, alone
and the record spins and spins and again it will spin
but it's already over since an hour
