

# Aitch, Blitzed (feat. Kay Rico)

Uh

If an MC's talking shit then it's only right that the prick gets- What?

Hold tight Rico every time

Hold tight WhYJay, RB and ....

Uh

If an MC's talking shit then it's only right that the prick gets blitzed

More times I wanna vibes and chill but try violate, I'll pop a man quick

Peng gyal, rough gyal, buff gyal, nuff gyal, them gyal there get blitzed

She wants to come base on the strip, she wants to come see how the mandem live

If an MC's talking shit then it's only right that the prick gets blitzed

More times I wanna vibes and chill but try violate, I'll pop a man quick

Peng gyal, rough gyal, buff gyal, nuff gyal, them gyal there get blitzed

She wants to come base on the strip, she wants to come see how the mandem live

Woah

Don't make me start blitzing guys

Shower MC when I step to the mic

Swear down, don't make me start rinsing guys

Make a big mans ego shrink in size (What?)

Manna got flows I ain't even used

But I've saved them ones cah I'm thinking wise

I can't be arsed linking guys

More time I be vibing, thinking rhymes (Nothing but lyrics)

Light, hot bars with the icy flow

Yeah, I swim with the sharks but are they gonna bite me? No

"Aitch can't spit 'cause he's white", we know

I hate being trapped in a room, I want my own space, I'd like to go

It's A-I-T-C-H on the mic and K-A-Y-R-I-C-O

Yo, pull it up, this one's gonna get messy (Jheez)

I got lyrics for the war, I'm ready

Pussyholes bars coming light like feather, A-I-T- goin' on heavy

Rico touched 21, that's savage (Uh)

Me, I turned 17, I'm learning

Youngest about and I still cause damage

Rico in south with the G's dem lurking

'Cause you know I come nice on the baddest beat

Earphones in with the bars on my phone is my definition of packi'g heat

Fuck the hate, I got fans that are backing me

I'm the whitest MC but the blackest sheep

And I get more views than these washed up guys

If we're talkin' grime, you're slacking G (Oi, dem man are washed)

'Cause them man was first, out first but I ran right past 'em

Man are shocked when I burst out a verse with such a Manc accent

I just hope I get bare success and the journey's captured

But for now I'm still Aitch on the mic, yeah, I'm still a little bastard

If an MC's talking shit then it's only right that the prick gets blitzed

More times I wanna vibes and chill but try violate, I'll pop a man quick

Peng gyal, rough gyal, buff gyal, nuff gyal, them gyal there get blitzed

She wants to come base on the strip, she wants to come see how the mandem live

What do you reckon? (Mm)

When I grip the mic, I'll make a man rock like fellas

I do this with the limited tekkerz, no time for schoolboy errors

These man get ....war ready, I ain't never been pressured

Got man behind me like checkers

So if you step out out of line, oh boy, swear I'll back out the blade like Edward (Ching, ching)

Scissorhands, yo, Aitch, link up, couple gyal wan' come get busy fam (Uh)

....

....like panda, no simian

And I heard your thing pon YouTube, see that you done a Westwood, no Vivienne

....no long talking

Tall, black, handsome, genes come Caribbean

I ain't on no wo-wo vibe, yeah, it's more like go-go time  
Money never grew on trees for me darg so I took out the time to go and stack my dimes  
You know like that, hold on, let me phone right back  
I ain't bothered if it ain't about fam or cash (No way)  
And ain't nuttin' come easy you know so me put on me bootsdem yeah and graft  
Time is a grinder, on my own wave, ....  
Feelin' myself, I won't lie, fam, kind of  
Keep your guard up, these punchlines might strike ya (Bow)  
I ain't no quitter, I'm a fighter  
Balls in my court and I ain't passing like it's ....  
....  
Trendsetter, I ain't never been a biter (Bow)

If an MC's talking shit then it's only right that the prick gets blitzed  
More times I wanna vibes and chill but try violate, I'll pop a man quick  
Peng gyal, rough gyal, buff gyal, nuff gyal, them gyal there get blitzed  
She wants to come base on the strip, she wants to come see how the mandem live
