

# Aitch, Fuego

Yeah ok though  
Ok though yeah yeah

Ok though  
100k that's some playdough  
Cully range or a Bentayga  
Sunny day in my raincoat  
Fuego  
Ignite the flame when I say so  
Fuck this babe with my chain on  
See my face you couldn't say no

Racks up  
Stay down  
Arse up  
Face down  
Park up  
Space out  
Spark up  
Woah

Racks up  
Stay down  
Arse up  
Face down  
Park up  
Space out  
Spark up  
Yeah

Strap with no safety  
Big fuck off mac in the case yeah  
Yeah yeah yeah  
Tracks in the safe  
Blacked out the wraith  
In my zone  
Off the ground like I quit the gram  
Cops some land with 2 cribs to boast  
On demand with no shit to post

Risky roads, off the camera what's in the smoke  
Lotta bands that got pinky roses  
Wash my hands with some fifty notes

Rollin rollin like its stolen ain't no tints in the whip  
Sha shawty pull up upon me popped a pill and she tripped  
Pa pause and I just freeze up my wrist  
Got a couple models that's tryna creep out the crib

Yeah ok though yeah yeah

With 2 hundred at least  
Didn't just come here to jump on the beat

Sipping yak getting mad up  
She lick a man like a back wood
