

Aitch, Hollinwood To Hollywood

Yeah

Yo

Black coat to match the whip I'm looking camouflaged

Love from Moston lane to Ally Park

Them man there ain't got a vibe

They try to damage ours

Bro stressed out

If I had a pound for every fag he sparked

I love the ends and she still has my heart

Some man make money

Some man spend it when they're at the bar

Have a line and then start acting hard

Or run the line and then go back to bars

Love when I'm home from tour

And I go back to yard

North M 016 can't break the Mancs apart

They hold it down I gotta thank my dawgs

Most man you see me with you seen 'em at the start

Back then ganging on the handlebars

Now the fans will run me down and ask if there's bangers charged

Hop in the bath I'm with a baddie

Get the candles sparked

Flying round the world

But the manor's ours

Hi Harrison, I miss ya, everybody misses ya

I haven't seen you in ages, but I just wanted to say that I love you

Bro in the passy I'm driving cash in the third seat

See the gang up on the kerb see what the word be

Love the fact I get to fly around the world

But there ain't a better feeling than a summers day on Church Street

Fuck one I'm stressed I've gotta burn free

Focus on success and let the world see

Grew up round the way some brothers make it

Couple brothers wanna turn G

Shit I ain't against it it just weren't me

Yeah

No one's an angel we've all had a past

But I can't deny we've had a laugh

Smoking in the ally buying singles from a shabby gaff

Chipping in a fiver with my broski so we could land a pack

Now I'm pulling out some racks watching the cameras flash

Couple men decide to turn their backs but I can handle that

Cover many miles

Hella terminals I've landed at

But I ain't going nowhere I'm a Manny man

It's like four-o'clock in the mornin' right now

Wagwan, you good? You alright?

It's like four-o'clock in the mornin' right now

We at Toronto, just wrappin' up this album, "Close To Home"

You know what I'm sayin'? Back in Manchester soon

Trust me, man could be anywhere across the galaxy

And mans got Manchester with me, all day, every single day
