

Ak'Sent, Tha Bomb

Ohhh
Yea yea
Ak' sizzle
The bomb

[Chorus:]
Get down baby down
I know you love the sound
When we do what we do
We get you in the mood
Pick it up pick it up
I know you love the feel
Let's keep it on the real
This shit is like

[Verse 1:]
Settle down yall listen to the lingo
Let me show yall suckers how this thing go
Ak'Sent in the 6-0 or 6-4
Diamond blind or platinum or white gold
Really don't give a damn no one doesn't like you
Step on my shoes i gotta go physco
She's little but yes she'll fight so
Smash like a car 'cause it's just a car might go
Hot as hell as cold as a north pole
Other bitches betta jump when i come through
It's the princess of rap on the one twos
Never seen a chick that can flip like a nigga will
I make figures so i'm incredible
I eat your flow your style so edible
You hear the sound when a Ak'Sent come around
So hit the ground and everybody get down

[Chorus]

[Verse 2:]
Get down baby down
I know you love the sound
When we do what we do
We get you in the mood
Pick it up pick it up
I know you love the feel
Let's keep it on the real
This shit is like
The bomb
So fresh
The bomb
So dope
The bomb
So deff
The bomb
So cool
The bomb
So fresh...
