

# Akashic, Who Am I?

All that you see here  
Is nothing. Is Untruth  
Including myself and this song  
People and countries and earth are with me  
We are just part of the one

When you pray in silence  
To realize who you are  
Meditation is the key

Who am I? Who am I?  
Deny the mind.  
The body and control the breath  
Living and dying and trying to get  
Consciousness, knowledge and grace

When you pray in silence  
To realize who you are  
Meditation is the key

I am waiting to find it now  
The devil and sinners try to put me astray  
I'm waiting to find it now  
To saints and gods I will give my prays

When I find myself in the darkness of this  
Existence  
I will fight and try to reach the most divine  
Energy

Who Am I?

All that you see here  
Is nothing. Is Untruth  
Including myself and this song  
People and countries and earth are with me  
We are just part of the one

When you pray in silence  
To realize who you are  
Meditation is the sky
