Tell me if Im crazy
But you're everything Ive got.

This song is about you
So please come back home

I want you to love me
Dont leave me alone.

This song is about you
So please come back home.

2. Oh,you know what they say is true
We will be just fine
If you got me and I got you

Baby all I need from you
Is just a second chance.
Ohh,lets just talk about it
Ohh,lets just talk about it
This song is about you
So please come back home

I want you to love me
Dont leave me alone.
Ohh,lets just talk about it
This song s about you
So please come back home
