

# Akercocke, Summon The Antichrist

Master, take wing over the desert  
And parched land  
Master the art of suffering  
A divine dance  
Summon the master  
Mouth incendiary evocation  
Black flame engulfs  
Filth and maggots of humanity  
Hair burning, faces melt  
Summon  
Master  
The inexhaustible beauty  
The incomparable gift  
Satan has made to the human race  
In his only child, antichrist  
Mouth incendiary evocation  
Black flame engulfs  
Filth and maggots of humanity  
Hair burning, faces melt  
Obscene ritual  
Totems sacrosanct  
Divine Baphomet  
Worship the Goatlord  
Divine Lucifer  
Worship the Goatlord  
Swarming, the spirits of the pit  
Infernal, arise from the abyss  
Absonant, within the Pentagram  
Ritually summon the Antichrist  
The wings of the master
