\* heavy breathing \*

Check this out man

All this gym shit

Runnin around for a scholarship

ain't even my style man

I don't even know what the fuck I'm doin in this shit

Bout to get the FUCK up out of this shit

Ain't even with this

[Akinyele]

Me play sports? Don't place your bet

I'm not the type of guy to run up and down and break out in a sweat

I just make the words sound hip

I leave it up to Jane Fonda, to take care of that physical fit shit

Nothin wrong with bein overWEIGHT, everything STRAIGHT

so long as my pockets stay in SHAPE

I never participated in gym

I hated the thought, to even have to take a loss to begin

They say health brings you longevity

But I'm not one for that extra-curriculum activity

You might see the Ak, with a baseball hat

Won't see me on no field with no baseball bat

In case some nigga head, got to get cracked

Other than that, I don't plan to run track

Picture me joggin for miles.. HAH!

Come on kid, that's just not my style

I just talk to girls on the horn

You won't see the Ak upstairs, puttin no butter on his corns

Another athlete bites the dust

Another nigga from Egypt, make Egyptian Musk

Picture me wearin Pro Keds, runnin the full court

Don't jump out your basket-ass head

I just cool around the block and hold down the fort

Straight up and down nigga, I'm not a good sport
