

# Akinyele, Pussy Makes The World Go 'Round

(Akinyele) (2x)

It's just a typical Akinyele song (2x)

About love

(Akinyele) (3x) (Start of hook)

Pussy it makes the world go round (2x)

You could have a son or a daughter if you fuck me down

Cause pussy makes the world go round

(Akinyele) (4x)

Pussy makes the world go

Pussy makes the world go round round

(End of hook)

(Akinyele)

Ha ha

I know mad guys

Who in love with their wives

Call them pussy cats

Cause they survive getting stabbed

With about 9 lives

For all 9 wives

Went with 5 guys

Lying between your thighs

You realize

This motherfucker siamese

Squinting his when he talk as if he was Chinese

But then he started purring like the Guyanese

Until one day niggas around the way dissed his main squeeze

She came upstairs bitching

Who listen

Niggas in front there feeling was straight dissing

Throwing hints when I'm walking by blowing kisses

He was like what shit skip the ripping

Get the smith and weesun

Add the clip in

When I said started spitting

Even hitting

Motherfuckers who was down with him

Blood everywhere

Until the gay niggas on his team still compare

In the vaseline

Cause they put them in and dissappear

Yo buck buck buck

Pull his dirty ass up

Then seeing the police

Sir-reens flashed up

The adrenaline make them surrender start bagging them up

Bloody vision

Living in prison started grabbing his nuts

Told the cops it's his dick that hey all could suck

He started backing them up

Waving his gat

Like he clapping them up

That's when to g's

Came from behind trees

And robbed that

Instead he loaded and cocked back

He said fuck that

Turn his hat from his front to his back

Laid his index

Like windex and squeezed on the gat

Immediately he started stumbling back

Cause the SWAT team repeatedly laid his ass flat

As he laid on his back  
Girl rushed to his side picked him up off the floor put him on her lap  
Got blood on her dress  
>From the open flesh  
Of the bullet wounds left in his chest  
Cardiac arrest  
She said uh uh don't go  
What about little Kada  
As she stretched him out on the tar  
Tried to give him mouth to mouth CPR  
But he just lay there stiff  
She grabbed his hand  
And placed it about her heart on top of her breast  
With blood this is for the love of her sex  
This is all for the love of her sex(4x)
