

Akon, Against The Grain

Fallin' in Love

Ahhhhh Ahhhh Ahhh Ahhh Ah

[Part1]

So soft.. and smooth..
Never knew a girl could be so god damn cold
I know
The way she move got me spendin my do
And ya'll
If you would've seen what i've seen on that pole
Just know, that i was wrong for fallin in Loveeee

[Chorus]

I was wrong for fallin in loveeeeeee (they always said don't love a ho)
I was wrong for fallin in loveeeeeee (dont do it yo)
I was wrong for fallin in loveeeeeee (they always said don't love a ho)
But i just went against the grain
It was a feelin i can't explain
And it felt like harmony
Singin in my face
Like diddi daddi do da dee
Dont want that you ever go away
I want you around me everyday
Singin in my face
Like diddi daddi do dadee

[Part 2]

Look at me..
Im stuck
That bubble in her pants got me caught up
I Never Had no luck
Thinkin the wrong hand got me jumpin out there
With no gloves
It feels so good had me sprung out on that stuff
Now im stuck
Thats what i get for fallin in loveeee

[Chorus]

Thats what i get for fallin in loveeee (they always said don't love a ho)
Thats what i get for fallin in loveeee (dont do it yo)
Thats what i get for fallin in loveeee (they always said don't love a ho)
But i just went against the grain
It was a feelin i can't explain
And it felt like harmony
Singin in my face
Like diddi daddi do da dee
Dont want that you ever go away
I want you around me everyday
Singin in my face
Like diddi daddi do dadee

[Part 3]

So thick.. so rough..
That oil all over her body stole my heart
Im caught..
The way she drop down wont allow me to close my jaws
Cause I...
Already in love and i knew better from the start

Oh no..
I was wrong for fallin in loveeeeeee

[Chorus]

I was wrong for fallin in loveeeeeee (they always said don't love a ho)
Said I was wrong for fallin in loveeeeeee (dont do it yo)
I was wrong for fallin in loveeeeeee (they always said don't love a ho)
But i just went against the grain
It was a feelin i can't explain
And it felt like harmony
Singin in my face
Like diddi daddi do da dee
Dont want that you ever go away
I want it around me everyday
Singin in my face
Like diddi daddi do dadee

It was a feelin i can't explain
And it felt like harmony
Singin in my face
Like diddi daddi do da dee
Dont want that you ever go away
I want it around me everyday
Singin in my face
Like diddi daddi do dadee
