

# Akon, No more you

Konvict (Konvict)

Ohhh, ohh, ohh, ohh

Just one look in the mirror

And I know I don't look the same being alone

I don't walk the same without you on my arm, I lost my charm

I don't know how I made it before

Cuz you are my future for sure

And now that it's over I don't know how I'm gonna get by

Chorus:

With no more you x2

What am I gonna do?

with no more you

To see me through,

with no more you

What am I gonna do?

with no more you

Can't believe there's no more you

I look at my passenger side

And there's nobody to ride with me for life

It feels like the end, I lost my friend

I can't sleep at night,

Because your side ain't occupied

The hurt in my eyes, won't go away

I'm in so much pain

Chorus:

With no more you x2

What am I gonna do?

there's no more you

To see me through,

with no more you

What am I gonna do?

there's no more you

Can't believe there's no more you

Don't know if I can make it or not

Everybody sees that I'm going through a lot

It's hard being alone,

When you used to be on top

Call for you, there's no more you

I stop for a minute then I pinch myself

I can't believe I'm here by myself

I can't do anything without your help.

Call for you, there's no more you..Ohhh

Chorus: (x2)

With no more you

What am I gonna do?

there's no more you

To see me through,

with no more you

What am I gonna do?

there's no more you

Can't believe there's no more you

No more you

What am I gonna do,

there's no more you

To see me through,

No more you..

What am I gonna do,

there's no more you

Can't believe there's no more you (x3)
