

# Al B. Sure, Night And Day

I can tell you how I feel  
About you night and day  
(How I feel about you, oh, oh, oh)  
I can tell you how I feel  
About you night and day  
(How I feel about you, oh, oh, oh)  
I love you more in the rain or shine  
And making love in the rain is fine  
A love so good and I call it mine  
Love is blind  
I can tell you how I feel  
About you night and day  
(How I feel about you, oh, oh, oh)  
I can tell you how I feel  
About you night and day  
(How I feel about you, oh, oh, oh)  
If you love me, please let me know  
Don't hide the feeling, just let it show  
A feeling so deep that comes within  
What kind of love am I in?  
I can tell you how I feel  
About you night and day  
(How I feel about you, oh, oh, oh)  
I can tell you how I feel  
About you night and day  
(How I feel about you, oh, oh, oh)  
If you and I were one  
The love we share would be so fun  
Just take my hand and you'll see  
That we'll take off into another world away  
(Ooh, oh, oh)  
I can tell you how I feel  
About you night and day  
Night and day, night and day  
Night and day
