

Al Green, I've Never Found A Girl (Who Loves Me

Ain't no love, baby, like my baby's love
It's like burnin' fire, oh, set off in my bones
I got to say it, ain't no lonely days (lonely days)
Ain't no lonely nights (lonely nights)

Every little thing that she does, you know the girl's alright
(You know the girl's alright)
Cause I ain't never, never, found me a girl,
Love me like you do, to love me like you do
Love me like you do

Ain't no man, ain't no man, go a little woman like me
She's everything
She's every poor boys dream, you're every poor boys dream
More than you're every rich mans friend
But i'm gonna give you all my money honey
Cause she's always there
Cause I ain't never, never found me a girl
Love me like you do, to love me like you do (baby)

(I ain't never, never, found me a girl)
???
(Never, never, found me a girl)
To love me like you do
Love me like you do, I an't ever

(You do)
(You do)
(You do)
