

# Al Green, Together Again

Together again  
My tears have stopped fallin'  
And the long, lonely nights  
Oh, now I'm so glad  
That the key to my heart, yeah  
You hold in your hand  
Come on, sing with me this evening children  
And nothing else matters  
'Cause we're together again  
Together again  
(Together, together again)  
Grey skies far gone  
'Cause you're back in my arms  
(Back, back in my arms)  
Life where you belong

The love we once knew  
(Love, love we once knew)  
Is living again and I'm glad, I'm glad  
And nothing else matters  
'Cause we're together again, oh yeah  
And nothing else matters, no  
I'm so glad, I'm so glad, so glad  
It's got me dancing  
Yeah, we're together again, yeah  
So glad, so glad, I'm just a  
Got to go tell my neighbors  
And nothing else matters, no
