

Al Jarreau, One Way

One way

One thing will lead to another
one touch and I'm closer to you
Oh, how I yearn to discover
All of the things I need to do
to live, to live to live a life of luxury...
Holding you in my arms
your heart, your heart, your heart, your
heart would belong to me
If I only knew where to start

Chorus

One way to win your affection
One way to make that connection
I believe there's one way to your love
Love for life is my affliction
You are my sublime addiction
I believe there's a way to your love

Should I stand on a mountain
Should I dream of you here
Oh, it pours from me like a fountain
still I can't have you near
to love, to love, to love, to love, to love
you like a jewel in my arms
your heart, your heart, your heart, your
heart would belong to me
If I only knew where to start

Chorus
