

Al Kooper, In My Own Sweet Way

I have seen you in the morning
Standing naked in the sunlit bay
Let me wrap my arms around you
Let my good old love surround you
Let me love you IN MY OWN SWEET WAY
I cant help myself when I get the fever
When your body calls out my name
You are lookin so good to me
Got your juices runnin through me
Let me love you IN MY OWN SWEET WAY
Let me love you today
Wont you stay here & be my lady
You can stay here every night and day
Cant you see I want to show you
All the ways I want to know you
Let me love you IN MY OWN SWEET WAY
Baby woncha let me love you today
