

# Al Stewart, Tonton Macoute

Al Stewart  
24 Carrots  
Tonton Macoute  
Come on to Haiti, you don't need a treaty  
Papa Doc will do you ok  
Tonton in the sun he's polishing his gun  
You'd better just stay out of his way

If you turn a critical eye, he'll drill you through the middle and cry  
It's just Tonton  
It's just Tonton  
It's just Tonton Macoute

Idi Amin Dada slowly going gaga  
Some say it's the yaya decay  
Country's going broker but Idi he's a joker  
You'd better just stay out of his way

Anything you say that's not right, you're floating in the river at night  
It's just Tonton  
It's just Tonton  
It's just Tonton Macoute

Papa had the voodoo to bring you down and cool you  
Idi learned the lesson OK  
From Neo to Stalin, Froward to Mussolini  
They've always had to have it their way

But you can't make political pie, with such hypocritical lie  
It's just Tonton  
It's just Tonton  
It's just Tonton  
It's just Tonton Macoute  
It's just Tonton Macoute
