

Ala Boratyn, I don't like you

oh oh oh i never thought that
i would give my point of view
oh oh oh it's on the TV
you can hear it on the news
oh oh oh on every station
now the nation is confused
oh oh oh i read the lips of
all the people you abuse
i don't like you anymore
i don't need you
i can't take more
i don't miss you
like before
i don't like you
not anymore
oh oh oh the things you say they
never happen to be true
oh oh oh you really thought that
non of us would have a clue
oh oh oh i'll bring you down coz
i;m the first one in the queue
oh oh oh i never thought that
i would feel the way i do
i don't like you anymore
i don't need you
i can't take more
i don't miss you
like before
i don't like you
not anymore
