

# Alabama, Fantasy

Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free  
Take me away, away  
Outside on a blanket in the moonlight  
It feels right with my arms around you tight  
Laying under Heaven watching the stars, okay  
While me and you and Mother Nature drift away  
Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free  
Take me away, away  
Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free  
Fantasy, midnight and you and me  
Ecstasy, spirits running wild and free  
Take me away, away  
Take me away, away
