

Alabama, Feels So Right

Whisper to me softly, breathe words upon my skin
No one's near and listening so please, don't say goodbye
Just hold me close and love me, press your lips to mine
Feels so right, feels so right
Lying here beside you, I hear the echo's of your sighs
Promise me you'll stay with me and keep me warm tonight
So, hold me close and love me, give my heart a smile
Feels so right, feels so right
Your body feels so gentle and my passion rises high
You're loving me so easy, your wish is my command
Just hold me close and love me, tell me it won't end
Feels so right, feels so right, feels so right
Ah yeah, it feels so right baby
