

Alabama, Five O'Clock 500

Album: For The Record

Just punched the clock and boy am I ready
Walkin' out the door a-headin' home
It's time to buckle up again
In my rolling hunk of tin
It's quittin' time the evenin' race is on

It's that five o'clock 500 and I run it every day
Pick-up trucks, cars and buses all in my way
We've got Darrel, we've got Dale,
Richard, Mark, Rusty and Jeff
Oh, the boss just dropped the green we're on our way
It's that five o'clock 500 every day

Oh, Bubba's runnin' right on my bumper
Pushin' me but there's no where to go
Lane changin' left and right
Blowin' horns and blinkin' lights
Oh, the fast lane has never been so slow

It's that five o'clock 500 and I run it every day
Pick-up trucks, cars and buses all in my way
We've got Darrel, we've got Dale,
Richard, Mark, Rusty and Jeff
Well, the boss just dropped the green we're on our way
It's that five o'clock 500 every day

Well, the caution is out we're at a stand-still
Heard there's construction up ahead
Won't be long so they say
Soon we'll all be on our way
Some trucker on the CB just said

It's that five o'clock 500 and I run it every day
Pick-up trucks, cars and buses all in my way
We've got Darrel, we've got Dale,
Richard, Mark, Rusty and Jared
Oh, the boss just dropped the green we're on our way
It's that five o'clock 500, five o'clock 500,
Five o'clock 500 every day
Every day, every day, every day...
