Hometown Honeymoon (1993)

Hey baby won't you take my hand and make me a happy man

I ain't rich but I found my fortune in you

Two jobs on the nighttime shift I'm still left with an empty fist

But my heart is full and my love is true

We can still get married in the style of our friends and family

Gather all of them to celebrate while we slip out quietly

And have a hometown honeymoon wildflowers and love is in bloom

We'll have a hometown honeymoon just me and you

Hometown honeymoon get out of church and up to your room

We'll have a hoe-down afternoon dancing to the rhythm of love

We can sing and laugh out loud lifestyles of the poor but proud

Cuddle up on the porch and enjoy the view

We can't afford Niagara Falls but there's a fountain by the old town hall

We'll make a wish by the light of a lover's moon

I'll get my Grandma's wedding ring and my brother's Chevrolet

We can stay at your mama's house we don't have to go away

To have a hometown honeymoon wildflowers and love is in bloom

We'll have a hometown honeymoon dancing to the rhythm of love

Your daddy's prize possession I'll make a good impression

I'm gonna get his blessing that's all we need

Hometown honeymoon wildflowers and love is in bloom

We'll have a hometown honeymoon just me and you

Hometown honeymoon get out of church and up to your room

We'll have a hoe-down afternoon dancing to the rhythm of love
