

Alabama, I Want To Know You Before We Make

Sometimes all you need is someone to hold you
Sometimes that's all you're looking for
But I'd like to take the time to get to know you
'Cause I don't want this time to be like all the times before
And I want to know you before I make love to you
I want to show you all of my heart
And when I look into those eyes
I want to feel the love inside you
I want to know you before we make love
I've learned from all those lonely nights with strangers
It takes time for real love to be found
I feel the invitation of your body
But I'd like to look inside your soul before I lay you down
And I want to know you before I make love to you
I want to show you all of my heart
And when I look into those eyes
I want to feel the love inside you
I want to know you before we make love
If we take it slow together, together
We might make it last forever
I want to know you before I make love to you
I want to show you all of my heart
And when I look into those eyes
I want to feel the love inside you
I want to know you before we make love
I want to know you before we make, before we make love
