

# Alabama, Never Be One Again

Drift off and dream  
In your paper-doll world  
Play with the presents  
From the boys and the girls  
Your big day is over  
The cake is all gone  
We sang you to sleep  
With the birthday song.

No, you'll never be one again  
The two's are tumbling on in  
Daddy's little girl is growing up in the world  
You'll never be one again.

The toy piano is quiet in the hall  
As Kermie the frog  
Sits watching it all  
Soon your legs will grow  
And make the tricycle go  
And take you away from us all.

No, you'll never be one again  
The two's are tumbling on in  
Daddy's little girl is growing up in the world  
You'll never be one again.

Goodnight Baby  
Goodnight Daddy...
