

# Alabama Shakes, Don't Wanna Fight

My life, your life  
Don't cross them lines  
What you like, what I like  
Why can't we both be right?

Attacking, defending  
Until there's nothing left worth winning  
Your pride and my pride  
Don't waste my time

I don't wanna fight no more /6x

Take from my hand  
Put in your hands  
The fruit of all my grief  
Lying down ain't easy  
When everyone needs pleasing  
I can't get no relief

Living ain't no fun  
The constant dedication  
Keeping the water and power on  
There ain't nobody left  
Why can't I catch my breath?  
I'm gonna work myself to death

I don't wanna fight no more /6x  
No, no, no, no!

I don't wanna fight no more /7x  
I don't wanna fight, I don't wanna fight!  
I don't wanna fight no more /8x
