

# Alabama Shakes, Sound & Color

A new world hangs outside the window  
Beautiful and strange  
It must be falling away  
I must be  
Sound and color with me for my mind  
And it should show you where to go when I need to speak

Sound and color  
With me in my mind  
Sound and color  
Try to keep yourself awake  
Sound and color  
This life ain't like a book  
Sound and color  
I wanna touch a human being  
Sound and color  
I want to go back to sleep  
Sound and color  
Ain't life just awfully strange  
Sound and color  
You wish you never gave it all away  
Sound and color  
The more the feeling [?]  
Sound and color  
Life is  
Sound and color  
Love is  
Sound and color  
Love is  
Sound and color  
Sound and color
