

# Alabama, She And I

She and I live in our own little world  
Worry about the world outside  
She and I agree  
She and I lead a perfectly normal life  
But just because we aren't often seen socially  
People think we've something to hide  
But all our friends know we're just a little old fashioned  
She and I  
Ain't that great, ain't it fine  
To have a love on that someone  
That others can't find  
Ain't it wonderful to know  
All we ever need is just the two of us  
She and I  
Ain't it wonderful  
She and I  
So wonderful  
She and I  
She and I share with everybody else  
The same wants, needs and desires  
She and I save  
She and I pay on everything we acquire  
But just because we aren't often seen separately  
People think we live one life  
It's hard for them to see how anyone could be as close as  
She and I  
Ain't that great, ain't it fine  
To have a love on that someone  
That others can't find  
Ain't it wonderful to know  
All we ever need is just the two of us  
She and I  
She and I live in our own little world  
Ain't it wonderful  
She and I live in our own little world  
Ain't it wonderful, ain't wonderful  
She and I live in our own little world  
Ain't it wonderful, ain't it great  
She and I live in our own little world  
Ain't it wonderful, ain't it fine, fine, fine  
Ain't it wonderful  
So wonderful, oh you can hear me  
She and I are so wonderful  
Ain't it wonderful  
She and I, together, so wonderful  
She and I  
Ain't it wonderful  
She and I live in our own little world, yeah, yeah  
Ain't it great, ain't it fine  
Ain't it wonderful  
So wonderful  
Ain't it fine, ain't it fine  
Fine, fine  
So wonderful  
She and I  
Is so wonderful  
She and I live in our own little world yeah  
Ain't it fine, ain't it good  
Ain't it wonderful, ain't it great  
So wonderful  
She and I
