

Alabama, When We Make Love

There's a light, in your eyes tonight
You know I know that look anywhere
You got plans, and I'm one lucky man
Before we get so carried away
There's just something I've been wanting to say
When we make love
It's more to me than just an affair
I want you to know how much I care
When we make love
Oh, it's such a precious time
We share our hearts, our souls and our minds
When we make love
Watching you, make your little moves
Well I can tell it's gonna be a long night
All day long, we keep holding on
It couldn't be any better than this
I got it all in my fingertips
When we make love
Oh, it's more to me than just an affair
I want you to know how much I care
When we make love
Oh, it's such a precious time
We share our hearts, our souls and our minds
These moments, these feelings
When we make love
It's more to me than just an affair
I want you to know how much I care
When we make love
Oh, it's such a precious time
We share our hearts, our souls and our minds
Now lets make love
Sweet love
