

# Alabama, You Turn Me On

You know how to turn me on  
In a special way all your own  
No one has been where you've gone in so long  
Oh, baby, you turn me on  
Your world fits right into mine  
With perfection time after time  
And my world's where you must belong  
'Cause baby, you turn me on  
Oh, baby, you turn me on  
It's always so perfect with you every time  
Oh, yeah, I love you

You know how to turn me on  
In a special way all your own  
No one has been where you've gone in so long  
Oh, baby, you turn me on  
Oh, baby, you turn me on  
Hey, baby, you know every way  
To turn me on and on and on  
So why don't you just turn me on?  
'Cause you know how to turn me on
