

Alabaster Box, Lay Me Down

when you look at me do you see beautiful
when you think of me do you say wonderful things about me
when you look at me do you see you
cos i am nothing in this world without you

cos everytime i think of you i wonder how someone like you
could ever love me

CHORUS

ive got to lay me down before i pick myself up again
start another brand new day
ive got to lay your dreams at your feet again
letting you take over

life is hard when walking on your own
but with you i know im not alone
pretty picture life in front of me
but its only you that i want to see

CHORUS
