

# Alamo Race Track, Don't Beat This Dog

Keep these walls from moving  
We should get on just fine  
Turn off the lights  
I've got to get myself together

Don't be my savior  
Keep this girl away from me  
There's something changing  
I should get out of here

Love me, leave me, stop  
Cut off your hoola dance  
Don't beat this dog  
I've got to get ahead of time

I'll take you on, this act is wearing me out  
I'll take you on, your spell is fading out  
I'll take you on, this act is wearing me out  
I'll take you on, your spell is fading out

I'm climbing fences  
Try to break this blind man's wall  
The sky is trembling  
I've got to change my ways for now  
Got to get myself together

I'll take you on, this act is wearing me out  
I'll take you on, your spell is fading out  
I'll take you on, this act is wearing me out  
I'll take you on, your spell is fading out
