

# Alan Jackson, Maybe I Should Stay Here

(Robert Lee Castleman/Melanie Castleman)

Maybe I should stay here  
For the rest of my life  
My compliments to you dear  
You're so easy on the eyes  
I'm likin' how my Jack and water mixes with your  
Estee Lauder ooh  
So maybe I should stay here  
And keep makin' eyes at you

Maybe you should stay here  
I beg you not to go  
There's something I must say dear  
I'm compelled to let you know  
My intuition makes me think  
That holdin' you's a possibility  
So maybe you should stay here  
And keep makin' eyes at me

Some lovers lose, some lovers win  
But honey I don't care  
Somebody said only fools rush in  
But me, I'm already there

So maybe we should stay here  
'Cause here's where we belong  
Like me the night is lonely  
Like you the night is young  
There's no reason why  
We shouldn't have these feelings  
If it happens naturally, oh yeah  
So maybe we should stay here  
For all eternity, oh baby, we should stay here just  
You and me
