

Alan Menken, A Star Is Born

Gonna shout it from the mountaintops, a star is born
It
Honey, hit us with a hallelu, the kid came shining through
Girl, sing the song, come blow your horn, a star is born
He
Come on everybody shout out loud, a star is born
Just remember in the darkest hour
Within your heart
So don
Just keep your eyes upon the skies
Every night a star is, right in sight a star is
Burning bright, a star is born
Like a beacon in the cold dark night, a star is born
Told ya everything would turn out right, a star is born
Just when everything was all at sea the boy made history
The bottom line, he sure can shine
His rising sign is capricorn, he knew how to
He had a clue, telling you a star is born
Here
Come on everybody shout out loud, a star is born
Just remember in the darkest hour
Within your heart
So don
Just keep your eyes upon the skies
Every night a star is, right in sight a star is
Burning bright, a star is born
