

Alan Walker, Endless Summer (feat. Zak Abel)

Lost love, now it's back again
I've been right here waiting
One touch and somethings in the air
Got my heartbeat raising

I got that feeling again, like it's an endless summer
I got that feeling again, like it's an endless summer
No time for regret, no time for sleep yeah,
Not fucking leaving, when your with me yeah
I got that feeling again, like it's an endless summer
Endless summer

Hands up raise them to the sky
Cause I got you by my side
It's bold love, every single time
And it takes me higher

I got that feeling again, like it's an endless summer
I got that feeling again, like it's an endless summer
No time for regret, no time for sleep yeah,
Not fucking leaving, when your with me yeah
I got that feeling again, like it's an endless summer
Endless summer
Endless summer

Rain rain go away, sommer's here to stay
Cheers to better days (endless summer)
Rain rain go away, sommer's here to stay
Cheers to better days (endless summer)

Endless summer
