

# Alan Walker x Benjamin Ingrosso, Man On The Moon

what happens in dreams where we fly  
never been as high as tonight  
staring through a window in time  
for someone to show me what i`m like

he said: Hello  
it's like a mirror in the sky  
and i can see us from up high  
boy we're looking tonight  
and i just understand

I met the man on the moon  
on the moon  
i heard him say:  
I met the man on the moon  
on the moon  
we will be ok.
