

Albert Collins, Cold, Cold Feeling

I've got a cold, cold feelin; It's just like ice around my heart.
I've got a cold, cold feelin; It's just like ice around my heart.
I know I'm gonna' quit somebody, every time that, feelin'starts.

You treat my like a prisoner, because my hands are tied.
Everything you do to me, is stackin' up inside.
It's a cold, cold feelin' Yea, You're just like ice around my heart.
I know I'm gonna' quit somebody, every time that, feelin'starts.

There's a change in me baby, once I was blind but now I can see.
There's a change in me baby, once I was blind but now I can see.
I'm gonna' put everybody down baby,
That ever made a fool outta me.
