

# Albert Collins, I'm Beginning To Wonder

I'm beginnin' to wonder, baby.  
What's goin' on when I'm not at home?  
I'm beginnin' to wonder, baby.  
I know you ain't there all alone.  
Ev'ry time I have to leave you, woman.  
I wonder who's takin' my place, an' turnin' you on.

I'm beginnin' to wonder, woman  
Why I worry ev'ryday.  
I said, I'm beginnin' to wonder, woman  
Wonder why I feel this way.  
I be home early Tuesday evenin'.  
Better hide your part-time man, away.

(guitar solo & instrumental)

I'm beginnin' to wonder, woman.  
Why we wasted all this time.  
I'm beginnin' to wonder, baby.  
Wonder why we didn't see the signs?  
What we did, we've now forgotten.  
What we had, we left behind.

(guitar solo & instrumental fade to end)
