

# Albert Collins, She's Into Something

Say what you do!

Snappin of a finger make a dog wag it's tail  
A whistle from her voice make a train jump it's rail  
Take her to the racetrack/show her face  
A horse in years'll come in first place!

She's into something/ she's into something  
She's into something/ You should be into something too!

Well you laughted at her about a week ago/  
Now she's met a man with a whole lotta dough and oh yeah he's rich! I seen the money!

And all she had to was to call the man &quot;Honey&quot;

She's into something/ She's into something  
She's into something/ You should be into something too!

She rides around town/ on her wheel/  
Oh yeah you might say she got herself a stone-cold deal/  
One thing the girl/she dont have to do/  
is worry 'bout no money when the payment's due!

She's into something/She's into something/  
She's into something man you shouldbe into someting too!
