

Albert Collins, Soul Food

C'mon children, we got soul food in the house
We got cornbread, mash potato, a-candied yam an' turnip greens
We got a little chitlin', it's soul food

I see the preacher comin', we're fixin' a plate
"Will ya pass the biscuit please?"
Shut-up boy, an' eat them greens!

It's soul food, ya get your stomach full
Want ya to eat, ya'all
I'm gonna play for ya

Ow! Woo!

I see a man headed 'cross the track
Food was so good, I see he's comin' back

It's soul food
It's soul food
It's soul food
It's soul food
It's soul food
It's soul food
It's soul food
It's soul food
