

# Albert Collins, The Moon Is Full

I said the moon is full, I feel my love comin' down  
I said the moon is full, I feel my love comin' down  
You see I met this little girl, I don't think I'm gonna wanna, wanna, leave this town

All my friends call me crazy, you just don't know how I feel inside  
All my friends call me crazy, you just don't know how I feel inside  
You know I love this little girl, 'cause she's got the little pretty, pretty brown eyes

Gonna take that train in the mornin', I think I'm gonna go back home  
Gonna catch that train in the mornin' ya'all, I think I'm gonna go back home  
And I know that my little girl know, oh that I won't be gone, I won't be gone 'till dawn

If I miss that train, I think I'm gonna to have to hitch-hike  
If I miss that train in the mornin' ya'all, I guess I'm gonna have to hitch-hike  
And I'll let my little girl know, I'll just be gone, I'll be gone overnight
