

Albert King, Call My Job

Call my job, tell the boss I won't be in
Call my job, tell the boss I won't be in
Friday, Saturday, Sunday, I must've had too much weekend

Call my job, have someone operate my machine
Call my job, have someone operate my machine

You look so good to me this morning, I must've had too much weekend

Hang the hat off the hook, lock the door too, spend my time, making love to you
Call my job, tell the boss I won't be in Friday, Saturday, Sunday,
I must've had too much weekend
