## Alcazar, Chemistry

Hey you standing in the corner looking like a loner don't you want to be mine

Hey you dancing like a zombie Feel the rythm like me Don't you want to be mine

You know it's Saturday tonight I got the fever And when the music takes control you got to be there

Let's have a good time forget about the reality Cause you and I make chemistry Sometimes the best times of you're fantasy Cause you and I make chemistry

Hey you put your hands on my hips Music's loud so read my lips Don't you want to be mine

So you I Knew the second I Saw You You and i are just so cool Don't you want to be mine mine mine mine

Cause when I look into your eyes I know you got it (got it) And when you look into my eyes you know I want it (want it)

Lets have a good time forget about the reality Cause you and I make chemistry Sometimes the best times of your fantasy Cause you and I make chemistry

Good time forget about the reality Cause you and I make chemistry Sometimes the best times of your fantasy Cause you and I make chemistry

I think i'm in love I think i'm in love I think i'm in love I think i'm in love

You know it's Saturday tonight I got the fever (fever) And when the music take control you got to be there (be there)
