Alcazar, Dance with a Dj

DJ Ooh aah Again and again Ooh aah Again and again Oh my God Dance with the DJ The Club Sexual on Rue de France A one night song a one night stand On disco floors got hard core And choose the DJ - not the man The record he plays like sexual waves I felt the music in his touch The look in his eyes The rhythm inside I want this night to last forever Feel the DJ making love to me The deeper the groove the faster I breathe My body vibrating from the frequency Oh dance with the DJ Intensity builds and I feel the rush The way that I scream the sound of my love He took me tonight on the dancefloor of the club Yeah dance with the DJ Ooh aah Again and again Ooh aah Again and again Oh my God Dance with the DJ I know the song I dont know his name I feel the signature in his sound The sweat reacts on my pretty face I fantasize how I go down So play for me well be discrete Noone will know noone will see Lost in the song well go all night long I want this night to last forever Feel the DJ making love to me Dancer and DJ becoming one Calling my body and Im ready to come The way that I dance - you know the way I love Oh dance with the DJ The finger on the groove making me wet The deeper you go the more I sweat He took me tonight on the dancefloor of the club Yeah dance with the DJ I want this night to last forever I want this night to last forever Forever Forever Forever Dance with the DJ Feel the DJ making love to me Ooh aah
