

Aldo Nova, Heart To Heart

There's a girl in the street, you should see the tears in her eyes
'Cause she weeps for a man who told her lies
And the man that she loved left here for somebody new
And the girl, she dreams that if only they could've seen
Heart to heart, oh, eye to eye, love is a lie
Heart to heart, oh, eye to eye, love is a lie
One day he's gonna pay
There's a man down the street you can't see the pain in his heart
And he weeps, for a love that he has lost
And the man left a love to go and find somebody new
Like the girl in his dream now if they only could've seen
Heart to heart, oh, eye to eye, love is a lie
Heart to heart, oh, eye to eye, love is a lie
One day she's gonna pay, one day she's gonna pay
Heart to heart, oh, eye to eye, love is a lie
Heart to heart, oh, eye to eye, love is a lie
Heart to heart, oh, eye to eye, love is a lie
Heart to heart, oh, eye to eye, love is a lie
One day they're gonna pay
One day they're gonna pay
One day they're gonna pay
One day you're gonna pay
