

Alec Benjamin, Pick Me

Is it lyin' if I add a couple inches to my height?
Say I'm 5'11 when I'm really just 5'9
Am I tryin' too hard, tell me
With these tired pick-up lines
Baby when you fell from heaven
Did it hurt or are you fine?

We can say that we met at a party
Or at the park, or through our friend Charlie
Somethin' we'll probably forget
And then have to make up again
We can say that we met doin' yoga
Or at the coffee shop over mochas

Somethin' we'll probably forget
And then have to make up again

Pick me if you need a guy within a hundred miles
Who likes tea, is a gemini, has family in Ohio
Is free this Friday night and just might make you smile
I know there's other fish in the sea
But pick me

Is it lyin' if I tell you that I went to USC?
Even though I didn't graduate and had a 2.3
Am I tryin' too hard, tell me
If I say you've got to be

The most flawless specimen
You're better than I've ever seen

We can say that we met at a party
Or at the park, or through our friend Charlie
Somethin' we'll probably forget
And then have to make up again
We can say that we met doin' yoga
Or at the coffee shop over mochas
Somethin' we'll probably forget
And then have to make up again

Pick me if you need a guy within a hundred miles
Who likes tea, is a gemini, has family in Ohio

Is free this Friday night and just might make you smile
I know there's other fish in the sea
But pick me
But pick me

I'm here waitin' undeterred
My heart is aching
But still no word

Pick me if you need a guy within a hundred miles
Who likes tea, is a gemini, has family in Ohio
Is free this Friday night and just might make you smile
I know there's other fish in the sea
But pick me
But pick me
