

Alela Diane, Something's Gone Awry

This crazy, crazy is caught in the forest
And your parcel's in the sand
A cuckoo wind's blowin'
Those sparrows are crowin'
And dancin' birds slow in the sky

'Cause something's gone awry
Something's gone awry
Something's gone awry
Something's gone awry

The night is much colder
My chest is still older
And love wont pirate my heart

Clenched deeply buttoned
The children are buttoned
And leaves will soon fall to the ground

'Cause something's gone awry
Something's gone awry
Something's gone awry
Something's gone awry
