

Alesana, Congratulations,I Hate You

no one ever said that life was fair
and I'm not saying that it should be
so knowing that you are what you want to be
and I'm not comes as no surprise
but don't expect me to be happy for you
and don't smile at me and tell me things
will work out for me too

I don't want your pity..

I hate your pity!

taste your vanity and its sweet bitterness
as you hide behind your veil of
my stolen hopes and lost dreams
...you took them all...

I watched you steal my thoughts
and had to see you smile
as you build your dreams
on my shattered hopes
I'll look back on a day once loved
and fantasize for tragedy
swallow your pride.

beg me

to make this easier

and listen to my hopeless cries

suffer alone in emptiness

I lust to see you swallowed

by the mess that you left in your wake

disgust lies deep within your empty gaze...

beg me

to make this easier a

nd listen as my hopeless cries

send stares into your meaningless eyes

my envy can't describe how I loathe you

for having all the stars

leaving my eyes to marvel the sky

knowing it should be mine

yet it's you I see wasting the dream

that only I deserve

I'll tear off your face to see your smile.

as you build your dreams

on my shattered hopes

I'll look back on a day once loved

and fantasize for tragedy

swallow your pride.

beg me

to make this easier

and listen as my hopeless cries

send stares into your meaningless eyes
